QUT Precincts

Internships – Graphic Design

QUT Precincts can offer internships in graphic design to suitably skilled students who are looking to further develop their conceptual and technical skills in a professional environment.

Interns will work closely with the Precincts Communication Designer and marketing team to assist in the development of design solutions and marketing collateral for the:

- Creative Industries Precinct
- QUT Art Museum
- QUT Gardens Theatre
- Old Government House

The internship will provide an introduction to the various aspects of professional design practice including; project briefing, quoting, proofing, approval processes, client liaison and engaging service providers.

Duties
The Graphic Design Intern will assist in the production of the following materials:

- Promotional Flyers, Posters and Banners
- Exhibition Postcards and Catalogues
- Fact sheets and information brochures
- Email Invites and web-based promotions*

The graphic design intern may also be required to undertake non-design related tasks associated with the distribution and install of promotional material where needed.

*The opportunity to create content for web delivery or to work on Precinct related sites is quite limited at present. For this reason the internship will be predominately focused on the design and delivery of static, print based, collateral.

Timeframes
Internship duration and contact hours are to be negotiated with the subject co-ordinator. Options may vary from 2 days per week for 6 weeks, to 1 day per week for 13 weeks.
Selection Criteria

- Effective communication and good interpersonal skills
- Capacity to time manage multiple tasks
- Ability to use initiative and think creatively
- Attention to detail
- Highly motivated with a passion for design
- Ability to articulate design intentions
- Average to high skill level with the following applications:
  - Adobe Photoshop
  - Adobe Indesign
  - Adobe Illustrator

Application Procedure

1. Complete the accompanying Internship Application
2. Attach a response addressing the above selection criteria
3. Attach a current resume
4. Email the above document along with examples of work (max 3mb), or a URL link to an
   online portfolio, to the following address:
